EXPERIENCE

Full-Stack Web Developer	2021-Present
Freelance	Sacramento, CA

I build web applications for clients looking to expand their online presence and update their legacy websites with newer technologies and a new look. I take care of all aspects of web development from conception, to design, to implementation.

Web Developer	2020-2021
Metronics, Inc.	Sacramento, CA

I designed, developed, and maintained the company's website which has improved equipment sales by over 30% and streamlined the servicing of field equipment through online scheduling and database management.
